Total capital to total RWA	11.90%	13.01%	11.28%	9.679

2. Leverage Ratio

The State Bank of Pakistan (SBP) through its BPRD Circular No. 06 of 2013 has issued instructions regarding implementation of parallel run of leverage ratio reporting and its components from December 31, 2013 to December 31, 2017. During this period the final calibration, and any further adjustments to the definition, will be completed, with a view to set the leverage ratio as a separate capital standard on December 31, 2018. Banks are required to disclose the leverage from Dec 31, 2015

The Basel III leverage ratio is defined as the capital measure (the numerator) divided by the exposure measure (the denominator), with this ratio expressed as a percentage:

Leverage Ratio = Tier 1 capital (after related deductions) / Total Exposure

As at December 31, 2018 the Bank's Leverage ratio stood at 3.36% which is well above the minimum requirement of 3.0%
